## Marina News

Hi Folks

Christmas is upon us again and as we look back at the year there has been plenty happening. May saw the departure of Andrew & Troy Botting, June the arrival of Bird Electrical, July the arrival of EB Marine to take up Shipwrighting and Fabrication services.

Alan and Louise Munce have been providing our cover making services here at the Marina for over 20 years and have decided to semi retire and will move out at the end of December and work out of their property in Yarramalong, west of Wyong. We take this opportunity to wish them all the best for the future and thank them for their years of service to our marina and the area.

So, as we head swiftly into Christmas, I would like to wish all our clients and their families the very best for a safe and enjoyable Christmas and let's hope 2019 delivers health and prosperity to all. Happy Boating! **Andrew Fenwick**

### Important Reminder to our clients:

Please assist us to provide everyone with safe and suitable access on and off the marina. We have been experiencing problems with clients leaving their vehicles for extended periods in the unload area in front of the administration building, particularly over the weekends. This area is for unloading and loading only. If you are down for more than 10 to 15 minutes, we would appreciate you parking in the carpark so that clients arriving or departing have access to this appropriate area and can safely navigate this space.

**Your assistance with this is appreciated.**

During the Christmas New Year period our hardstand area will be available for overflow car parking, which will provide plenty of space for all our clients and their guests. If unsure of where to park, please ask a staff member on duty. The hardstand will return to normal from **Tuesday the 8th January.**

## Help for the farmers in drought affected Coolah district

Recently Louise Munce and her son David decided to raise money for fodder for the farmers. It was a great success and with help from **Donn Robb National Horse Transport** four lots of 10 round bales were delivered to grateful recipients.

Their thanks go to Brooklyn Marina, River Boat Postman, Callaghans Marine Services, Mainsales, Fenwicks Marina and Greg Fry and many others who supported the raffle.

What a fantastic Christmas present.

**Fenwicks wish Alan, Louise and David a very happy festive season.**

### Why Use Probiotics? Ask at Fenwicks for ProPower.

**Odour:** Chemical and enzyme based products are proven to have limited success and a negative impact on the environment. **ProPower Marine and RV** is proven to be long-lasting, effective at breaking down waste and removing odours. **Struvite:** **ProPower Marine and RV** reduces and reverses struvite deposits. Struvite is a solid rock-like deposit that can form on the inside of pipes and tanks resulting from the crystallisation of decomposing organic gasses. It is notorious for clogging pipes, reducing tank capacities and interfering with gauge readouts.

***Fenwicks have a limited number of sample bottles available to our berthing clients. To try this product, just drop into our office and pick one up.***

## Christmas issue's definitions for the keen boatie!

**Painter** - A line you use to tow the dingy... also especially useful for keeping Greg Fry in order.

**Cruising** - Fixing your boat in exotic locations.

**Bow** - A gesture from the helmsman as he crosses the finish line first.

**Flying Jib** - Any jib when the sheets have gone overboard.

**Latitude** - The number of degrees off course allowed a guest at the helm.

Sadly we say goodbye to  
Alan or Louise at A&B  
Covers

Thank you for 22 years  
with Fenwicks Marina
